

Heated Cushion

Instruction Manual

SKU: 1800S/L

Thank you for purchasing a Lifemax Heated Cushion. We hope you'll get many years of use from this product. We recommend you read this document thoroughly to familiarise yourself with how your product works, how you should use it safely and effectively and how to look after your product to ensure it continues working as it should.

Product Information

Enjoy gentle warmth and soothing vibration with our ultra-soft Heated Cushion. Featuring a USB rechargeable battery, the cushion offers up to 1.5 hours heat and vibration from a single charge. Available in two sizes, small and large

What's included...?

- Heated Cushion
- Power Bank
- USB charging cable

How to use...

1. Press and hold the power button for 3 seconds. The LED will glow red, indicating that the heat function is on.
2. Press the power button again for gentle vibration with heat. The LED will change to blue.
3. Press the power button a third time for high vibration and heat. The LED will change to purple.
4. Continuing to press the power button to cycle through the settings.
5. To turn off, press and hold the power button for 3 seconds.

PLEASE NOTE

The pillow includes a safety thermal switch. A sensor prevents the pillow from overheating by automatically switching off should the temperature reach a set maximum. If at any time you feel the cushion is too hot for you, take a break from using it. Do not put your cushion against naked skin or underneath clothes.

How to charge your cushion...

To charge your heated cushion, unzip the cushion and remove the power bank. Using the USB cable provided, plug the power bank into a suitable USB charging source. We recommend using a USB charging adaptor but can also charge from the USB port of your laptop or desktop computer. Images for reference below:

How to look after...

To clean your pillow, spot clean only with a damp cloth ensuring the electrical parts of your cushion are not made damp or wet. Do not tumble dry. Do not use bleach or harsh chemicals to clean your pillow. Do not iron.

Safety Information

This product is not a toy, keep away from children. Do not use whilst sleeping. Do not use on areas of sensitive skin or against naked skin. Do not sit on or crush the cushion. Do not use if you have poor blood circulation. Do not use pins or metal fasteners with this cushion. Injury can occur if the device is not used correctly and these instructions and warnings are not adhered to. Regularly check the area of your body you are using the cushion on. If the cushion is too hot or causing discomfort, stop using it. Do not get the cushion wet. Do not use outdoors. Do not use the cushion if there are signs of damage or wear to the fabric, charging cord or power bank.

Warranty Information

Your Lifemax product is guaranteed for one year against defective parts or construction. This guarantee is from the date of purchase and is only valid with proof of purchase. Please note this guarantee does not cover normal wear and tear or damage caused by accident or maltreatment. The extended rights of this guarantee are in addition to the consumer statutory rights and do not effect these statutory rights.
